

New Year New Hope...

2021 is upon us. Many would sigh a relief at the passing of 2020 as this was a difficult and very challenging year for the entire globe. We venture into this new year with uncertainties, none of us knowing what 2021 will bring. Yet, for believers, there comes a quiet peace as we read and meditate on the scriptures, our source of hope. The book of Philippians is personally encouraging to me as I recall this was written by Paul during a very trying time of his life. Writing to the church at Philippi from a Roman prison, Paul pens these encouraging words, “*... I reach forward to the things that lie ahead*”. God holds our lives, He knows what is to come this year ahead. My prayer is that He keep you in His grace as you set your eyes on Him - our hope for 2021.

Covid-19 update

Across the world, huge efforts are being made to fight the Coronavirus; Cambodia is no exception. The government has been pro-active to secure the borders of the country and protect its 16 million citizens. Spraying programmes have been set up throughout the country and recently, cross border travellers are not permitted to return directly home but must be housed within separated government-provided facilities for 14 days. The Department of Health has announced 381 confirmed cases, with close to 50% of those coming from foreign travellers. As a result, all passengers travelling to the Kingdom must go through the process of quarantine, remaining in a selected hotel for the 14-day period until cleared. This is a necessary step to ensure the fight against the virus is won. The good news is that 361 cases have fully recovered, with no fatalities.
